CONDITIONS OF PEACE MUST BE MODERATE.

Russia Desires to Know What Japan Will Demand.

WASHINGTON IS AGOG

President Roosevelt Had Instructed Ambassador Meyer to Find Out From Czar What He Desired Done.

Washington, June 8.—Diplomatic Washington was Wednesday night aroused to a point of expectancy unequalled since the inception of the war in the far east by the news from St. Petersburg of the czar's wish to know Japan's peace terms. This interest was heightened by a call which Mr. Takahira, the Japanese minister, made at the white house by appointment during the evening. He called shortly after 9 o'clock and immediately went into conference with the president. They remained together about twenty minutes. When the minister left he declined to answer any questions about his call. The Associated Press bulletin announcing the calling of a message to the Russian ambassador at Washington and Paris that Russia wished to know Japan's peace terms was immediately communicated to the diplomats most interested. It was not long before the Russian embassy was besieged by callers, but the ambassador was without advice on the subject, though for several days past he has been anxiously awaiting an acknowledgment of his cablegram detailing his conversation with the president last Friday. In expectation that a message would come later in the evening, several of the secretaries returned to the embassy after dinner prepared to translate the dispatch as soon as it arrived. Count Cassini has not yet made an appointment at the white house.

The president had confided to an ambassador who called at the white house that he expected Ambassador Meyer to be received at Tsarsko-Selo Wednesday or Thursday. The instructions to Mr. Meyer did not provide for a formal tender of good offices. While it is impossible to give their text, they may be correctly paraphrased in these words:

"Find out from the czar what we can do to assist in early peace."

Much was left to the tact and diplomatic discretion of Mr. Meyer as to the manner and words in which the friendly readiness of this country at the present moment could be made known to the czar. Care was also taken that Mr. Meyer's conference with the czar should not occur until Count Cassini's report had reached Tsarsko-Selo.

It can be stated emphatically that in transmitting a faithful report of what occurred at the white house last Friday afternoon, Count Cassini emphasizing the friendly frankness with which the president expressed his strong desire for peace. It is generally realized here that the importance of that report can scarcely be overestimated.

To all of his callers Wednesday afternoon the ambassador, while admitting that the moment was full of possibilities, he had no news to impart, and this applied to his closest friends among his diplomatic conferees.

Peace Conditions Desired.

St. Petersburg, June 8.—As a result of a meeting of the council of ministers held at the Tsarsko-Selo instructions were telegraphed to the Russian ambassadors at Washington and Paris to the effect that Russia is desirous of learning Japan's conditions.

RUSSIANS REPULSED.

Dispatch From Japanese Headquarters In Field States This.

Tokio, June 8.—A dispatch from the headquarters of the Japanese armies in the field says: "The enemy's infantry, strength not mentioned, attacked Machatun, two miles north of Wiyuampao early in the morning of June 5, but were repulsed."

"The same day our force which had advanced to Shapotsu, nine miles east of Chantun, dislodged the enemy heading for that vicinity and opened fire on a neighboring eminence. A portion of our cavalry drove the enemy northward toward Chichiatu, fifteen miles north of Kwangping, and Machittun, seven miles east of Chihhatun, and our troops occupied their vicinities."

TOLD TO REMAIN.

Train Is to Arrange For Disposition of Warships and Their Crews.

Manila, June 8.—Rear Admiral Enquist received the following cablegram from St. Petersburg: "Remain at Manila at the disposition of the American government. Effect repairs as much as possible. NICOLAI."

Governor-General Wright has requested Rear Admiral Train to arrange for the disposition of the Russian warships, their officers and crews.

World's Record Broken.

Ardmore, June 8.—In the general shooting tournament of the Indian Territory and Oklahoma Sportsmen's association, in progress here, the world's amateur record was broken. Shooting from eighteen yards, the squad broke 134 targets out of 135.

St. Petersburg Journals Opposed to a Large Indemnity.

WOULD BE SHAMEFUL

Novoe Vremya Plainly States That If Japan Demands Too Much It Would Be Better to Prolong War Indefinitely.

St. Petersburg, June 8.—There is a significant change in tone on the part of some Russian newspapers, like the Novoe Vremya, which never heretofore has even admitted the possibility of conclusion of hostilities until Russia has recovered her military prestige by a victory. Thursday the papers discuss calmly the advisability of ending the war if Japan's terms are reasonable. The payment of a big indemnity, they declare, would be too humiliating.

The Novoe Vremya says bluntly that if Japan asks too much it will pay Russia to prolong the contest indefinitely, while the Russ argues that if representatives of the Russian people are called together Japan will see herself confronted by the whole nation and she will readily agree to reasonable terms. "Even Revolutionists," the Russ adds, "are not traitors. They are fighting at present the rotten bureaucracy and not the mother country. They will not tolerate a disgraceful peace."

Universal regret is expressed in official circles at the retirement of Del-Casse, until recently French minister of foreign affairs. He is regarded as the true friend of Russia, personal friend of Foreign Minister Count Lamsdorff and a sincere and unequivocal supporter of the dual alliance.

The Novoe Vremya says: "We know how to appreciate true friends. We have so few of them." The Russ and Slovo consider M. DelCasse to be the victim of trying to play the impossible role of the connecting link between two rivals—Russia and Great Britain.

The Slovo says: "M. DelCasse's policy was ever directed toward the isolation of Germany, but he forgot an alliance with Great Britain would ruin any political system aimed against Germany. The British alliance has not helped France in Morocco, but it has probably embroiled her with Germany. M. DelCasse pays the penalty by retiring as complications can be easier avoided with him out of the cabinet, and his retirement would not affect the dual alliance."

DRIVEN BACK.

Body of Russians Were Not Successful In Their Advance.

Tokio, June 8.—Imperial army headquarters made following announcement: "At 11:30 o'clock on the morning of June 7 a body of Russians, some 160 strong, advanced from the direction of Sumatso, about a mile and a quarter east of Yinyippenmen, but were met and repulsed by us on an eminence lying north of the place. The enemy fled in confusion toward Nienfuying, seven miles northeast of Yinyippenmen. One soldier and two saddled horses were captured. With the exception of skirmishes between scouts on both sides there is no change to report elsewhere."

ENORMOUS LOSSES.

From Nine Thousand to Ten Thousand Russians Killed or Drowned.

Gun Shu Pass, June 8.—According to reports received by General Linevitch from naval officers who have arrived at Vladivostok the losses of Admiral Rojestvensky's fleet are from 9000 to 10,000 officers and men killed or drowned and about 5000 prisoners.

Due to Peace Rumors.

London, June 8.—Trading on the stock exchange opened buoyant on the news of peace negotiations Thursday. Prices advanced sharply in all departments, led by consols. Americans shared in the general advance.

Marked by Manifesto.

St. Petersburg, June 8.—Ascension day, one of the most important Russian religious holidays, was marked by the appearance of the expected imperial manifesto on the subject of the projected national assembly.

Reported Offered For Sale.

Nagasaki, June 8.—It is reported here that the Japanese are offering for sale the cargo of the British steamer Oldhamia, recaptured by them from the Russians.

Reid Visits Lansdowne.

London, June 8.—Ambassador Reid visited Foreign Secretary Lansdowne at the foreign office Wednesday afternoon. Camprun, the French ambassador, was also present. The nature of the interviews was not stated.

Sargent a Passenger.

San Francisco, June 8.—The steamship Mongolio, which sailed for the orient carried treasure valued at about \$500,000. In the cargo is a shipment of several thousand big shells for Japanese naval vessels on their way from England. E. P. Sargent, commissioner of immigration, is a passenger for Honolulu.

FRIDAY, JUNE 9.

MRS. LAWRENCE SULLIVAN ROSS.

Death Claims a Lady Known and Loved Throughout all Texas.

As briefly announced in the Eagle of yesterday Mrs. Elizabeth Dorothy Ross, widow of the late General Lawrence Sullivan Ross, died in this city Thursday, June 8, at 12:15 a. m., at the home of her son-in-law and daughter, Mr. and Mrs. Frank Clarke. While her death was not unexpected by the family and friends, it is to the former a most trying ordeal and irreparable loss and to the latter a deep sorrow.

Mrs. Ross was stricken with partial paralysis affecting her left side on April 26, and showed improvement under medical attention and careful nursing until about two weeks ago, she having meanwhile been brought to Bryan from Waco in the interval of her improvement. During the past fortnight she declined steadily until the end, and the paralysis during the last few days was almost total. All that loving ministrations and professional skill could do for her was done, and the end of her life, which was a blessing to all with whom she was associated, came peacefully in the quiet midnight hour, her soul awakening in a glorious and eternal day.

Elizabeth Dorothy Tinsley was born in Macon, Ga., Nov. 29, 1845. She came to Texas with her father, Dr. Tinsley and family when about twelve years of age. She was married to Gen. L. S. Ross in Waco, May 1, 1860. She resided in Waco until 1887, when Gen. Ross was elected governor and moved with his family to Austin. After serving two terms Gov. Ross retired from the governorship and was elected to the presidency of the

Agricultural and Mechanical college, taking up his residence at College Station. After the death of her husband Mrs. Ross moved back to the family home at Waco and has resided there continuously since.

Six children survive her: L. S. Ross Jr. of Dallas, Mrs. H. H. Harrington of College Station, H. B. Ross of Waco, Dr. F. R. Ross of Houston, Mrs. Frank Clarke of Bryan, and Capt. Neville P. Ross of Waco. All are married except the two sons last named and all were present in Bryan to accompany the remains to Waco, the party including her sons-in-law, Prof. Harrington and Mr. Clarke, her daughter-in-law, Mrs. Harvey Ross, and her grandchildren; also Mrs. M. V. Harris of Waco, a sister-in-law of Mrs. Ross. The remains were conveyed to Waco over the Houston & Texas Central yesterday afternoon. Messrs. George Smith, J. W. Batts, F. C. Oliver, O. E. Saunders, A. M. Waldrop, Ed S. Derden, R. M. Gordon and G. M. Brandon were the local pall bearers.

The funeral will be held from the family residence in Waco, 1425 Austin street, this morning at 10 o'clock.

Mrs. Ross was a member of the Methodist church; and the elements of noble womanhood were so combined in her that she realized the ideal of wife, mother and friend. She possessed such strength of character and such qualities of mind and heart that she was not only the crowning blessing and joy of her husband's life, but contributed in a large measure to her husband's greatness as a soldier, statesman and educator. She was beloved by all Texans, who will revere her memory with that of her illustrious husband.

The pupils of Miss Berryman's music class gave a recital at Carnegie Hall last night evidencing marked improvement in the work of the past year, and giving an entertainment that was highly appreciated by the audience.

BOSTON IDEAL OPERA COMPANY.

Matinee at 2:30 p. m. and Closing Performance Tonight.

A little outside hustling increased the advance sale for last night's performance of the Boston Ideal Opera Company, and an audience more in keeping with the merits of the attraction was present and greatly enjoyed the production of "Ermine." The opera has a good plot and is brim full of mirth and music. It is putting it mildly to say that this company have captivated all who have heard and seen them, and no word of unfavorable criticism has been heard.

The company will present "Giroffle-Giroffle" for matinee at 2:30 this afternoon—prices 15 and 25c. The engagement will close tonight with Bohemian Girl. Prices 25, 35 and 50c.

EDITORS AT GUTHRIE.

National Association is Entertained at That Oklahoma City.

Guthrie, June 8.—President W. W. Screws, Jr., and the other Alabama delegates were the first to arrive in Guthrie to attend the National Editorial association convention. President Screws was accompanied by three ladies, one of whom, Miss Virginia Clay, a well-known Alabama editor, is on the programme.

Four hundred and fifty-five delegates arrived on two special trains. The special trains were five hours late and the programme was somewhat delayed. There was no afternoon programme. The address of welcome for Oklahoma, in the absence of Governor Ferguson, was delivered by Delegate C. A. S. McGuire, and for the city by Mayor J. W. Duke. The response was delivered by President W. W. Screws, Jr.

A ball and reception was given by the people of Guthrie after the programme in the evening. Many were taken to residence houses. It is the largest attended of any meeting in the history of the association.

Delegate McGuire talked of statehood in his address of welcome. The Guthrie Ministerial association adopted resolutions and presented them to the secretary of the association asking the editors not to attend he entertainment at the 161 ranch. The objection was that the entertainment was to take place on Sunday.

There are several delegates here from Massachusetts in spite of the fact that the state association adopted resolutions no to attend the Guthrie meeting.

SOON READY.

Missouri, Oklahoma and Gulf Railway Being Pushed Along.

Muskogee, June 8.—The Missouri Oklahoma and Gulf railroad is completed to a point twenty-two miles south of Muskogee, and the announcement is made by Vice President Dewar that the rails will be laid to Dustin in a short time. Two steel bridges are to be erected between here and Dustin, but trains will be running to that town by July 4.

Grading from Correta to Wagoner will begin in a few days, and the rails will be laid between those towns by the middle of July, which will give about sixty-five miles of road ready for service.

Bible Conference.

Ardmore, June 8.—Great preparations are being made for the second annual meeting of the Southwestern Assembly and Bible conference, which will be held here June 13 to 23, inclusive. Several hundred delegates are expected.

Voluntary Assignment.

Ravina, I. T., June 8.—J. Wilson, in the general merchandise business here, has made a voluntary assignment in bankruptcy. Assets about \$8000; liabilities \$15,000. J. B. Moore of Ardmore has been appointed receiver.

RADICAL REFORM.

Resolutions to This Effect Adopted by the Equitable Directors.

New York, June 8.—Resolutions suggesting radical reforms in the management of the Equitable Life Assurance Society were adopted at Wednesday's meeting by the directors. These affect the high officials and make a sweeping curtailment of the society's general expenses. The resolutions also imply many important changes in the financial policy of the society.

The session was attended by twenty-eight of the remaining thirty-eight directors, the resignations of J. T. Low and Marvin Hughitt, the latter of Chicago, having been submitted during the meeting and making a total of twelve resignations since last Friday. A majority of those present have from the outset been on the side of Vice President Hyde. Among the so-called neutrals, or conservatives, present were Brayton Ives, the only remaining member of the Frick committee, and Charles Stewart Smith.

From all accounts there was complete harmony of action between the Alexander and Hyde forces, all the resolutions being unanimously adopted.

Two demands were made at the meeting that James W. Alexander and James H. Hyde resign the positions of president and vice president respectively. One demand came from Brayton Ives, who said reorganization was impossible so long as these men retained their places. Joseph T. Lowell, who afterward resigned from the board, offered a resolution asking Messrs. Alexander and Hyde to resign. Motion was lost.

NOTHING IN IT.

Herrick Says He Could Not Consider Equitable Offer.

Columbus, O., June 8.—Governor Herrick, who has returned from New York, has not bought out the interests of James H. Hyde, first vice president of the Equitable Life Assurance Society, nor has he been formally or officially offered the chairmanship of the board of directors of the Equitable. When seen he said there was nothing in the story that such a transaction had been made.

"It is true," he continued, "that I was asked whether if such an offer was made to me—that is the chairmanship—I would accept it, but my reply was that owing to circumstances under which I am placed in Ohio, having been recently renominated for governor, I could not consider such an offer, however flattering it might be."

Mills' Reason.

New York, June 8.—D. O. Mills said he tendered his resignation as a director of the Equitable Life Assurance society. His reason, he said, was the apparent impossibility of harmonious action in board directors of the society.

Motor Car Catastrophe.

London, June 8.—Motor car containing King Alfonso caught fire, but flames soon extinguished.

SYMPTOMS THAT INVITE GERMS.

Little Ailments That Should Be Looked After if One Wants to Keep Well.

Anyone who has any of the many symptoms caused by poor digestion should take special care to avoid conditions where disease germs are likely to be present. Extreme thinness is the most common indication of a weak stomach, but any of the following symptoms are also good evidence of stomach troubles.

Uneasiness at stomach	Confusion of mind
Acidity	Flatulency
Water-brash	Heartburn
Spitting up of food	Nausea
Colic	Gripes
Sensation of weight or heaviness at pit of stomach	Coated tongue
Sore mouth	Sour taste in mouth
Constipation	Diarrhoea
Sediment in urine	Dry skin
Night sweats	Nervousness
Headache	Sick headache
Cold hands and feet	Congestion of head
Pain under shoulder blade	Vertigo or dizziness
Pain between shoulders	Drowsiness
Defects of vision or hearing	Sleeplessness
	Palpitation of heart

These little ailments, which indicate a weak stomach and imperfect digestion, should be looked after by the use of Mi-o-na, if one wants to keep well. A tablet of this remarkable remedy, taken before each meal, will so strengthen the stomach and digestive organs that natural weight will be restored and perfect health and strength regained.

Mi-o-na is so nearly infallible in curing indigestion and the many diseases resulting from a weakened stomach, that a guarantee to refund the money is given with every box, should it not give perfect satisfaction. Ask E. J. Jenkins to show you the Mi-o-na guarantee.

SEEMED FAR AWAY.

Settlement of Strike Appeared to Be a Remote Contingency.
Chicago, June 8.—Peace in teamsters' strike seemed Thursday to be as far away as ever. Settlement with express companies and demand by unions that police be withdrawn from wagons with calling off strike were apparently insuperable obstacles to an adjustment. President Shea of the Teamsters' union took an active part in the latest negotiations with employers, although he was responsible for blocking peace negotiations several days ago after he had been left out of the meeting between the committee of employers and teamsters. Shea would have been excluded from the new conference of employers had he agreed to the demand of union officials that the employers' attorney, Levy Mayor also should keep away. This demand was refused promptly and Shea was then called in. He made a vigorous fight against altering the propositions of the teamsters to suit the demands of the employers. With peace efforts again coming to naught, and the prospective spread of the strike to 8000 truck teamsters employed by members of the Team Owners' organization was again the vital issue. Many owners are in favor of forcing matters with the drivers, but it is generally hoped the neutral element in the association will make a hard fight to keep from being involved in the fight.

CALLED OFF.

Teamsters Submitted Several Propositions, but All Rejected.
Chicago, June 8.—After a conference lasting for five hours between the Employers' association and the committee appointed Tuesday night by the Teamsters' Joint Council with full power to settle the strike all negotiations were declared off at 9 o'clock. The union submitted a number of propositions which the employers flatly refused to consider at all. Chief among these was that if the strike was declared off all the police and deputy sheriffs who are now protecting non-union men should be withdrawn. The employers refused to consider such a proposition for an instant declaring that they would maintain the guards as long as there was the slightest chance of violence.

STEADILY RISING.

Grand River Has Gone Over Front Street and Houses Surrounded.
Grand Rapids, Mich., June 8.—Grand river was still steadily rising here Thursday. The only encouraging news comes from up river points, where the water was reported to be stationary or falling. The water here has now gone over Front street, south of Bridge street. Many residences are completely surrounded by the deep and swift currents. Workmen are struggling frantically to keep the north end of the dyke from going to pieces and it seems to be about an even chance whether they will succeed. A special to the Evening Press says communication has been partly re-established with Whitehall, which has been isolated sixty hours. Conditions in White river, above the town, are worse than had been expected. Damage to crops, bridges and dams will reach hundreds of thousands of dollars. Three large dams at White Cloud, Peshia and Ferry are washed completely away.

BANK DYNAMITED.

Two Adjacent Buildings Were Also Demolished by Concussion.

Paris, Ill., June 8.—The Edgar County National bank, on the north side of the public square, was wrecked by dynamite early Thursday. The charge also demolished Bradshaw's jewelry store and Welzel's store adjacent. The smaller safe, in which was the bank's funds, was overturned, but still intact. A strange circumstance is that Walter Juntgen, bookkeeper of the bank, has a broken arm, which he says was caused by a brick flying into a window across the square from the scene of the explosion.

CORTELYOU SPOKE.

Addresses University of Illinois on "Education and Citizenship."
Urbana, Ill., June 8.—The exercises connected with the thirty-fourth annual commencement of the University of Illinois were attended by a vast concourse from all over the state. Postmaster General Cortelyou delivered the commencement address. He was warmly greeted. His theme was "Education and Citizenship."

Caused Discussion.

Jackson, Miss., June 8.—The motion of Colonel Osborne of the Louisville committee on arrangements in tendering invitations to King Edward and President Roosevelt to send messengers to the approaching reunion has caused a great deal of discussion among Confederate veterans in this state, and in many quarters is being severely condemned. As a rule, veterans take the view that, while there is nothing objectionable in having representatives of these two rulers at the reunion, at the same time the action of Colonel Osborne was unauthorized.

Appeal Docketed.

Washington, June 8.—The appeal of Duster and Jones of Muskogee, I. T., from the decision of the court of appeals for the Eighth circuit in a case involving the Creek Indian tribal taxes has been docketed in the supreme court of the United States. The case is of special interest because of the complications which have recently arisen over the payment of taxes there.

Double Donation.

Colorado Springs, Colo., June 8.—General William J. Palmer of this city and Andrew Carnegie have donated respectively \$100,000 and \$50,000 as a nucleus to the \$500,000 endowment fund Colorado college is raising.

MRS. ROSS DEAD.

Widow of the Late Governor Departs This Life at Bryan.

Bryan, Tex., June 8.—Mrs. Lizzie Ross, widow of the late ex-Governor L. S. Ross, passed away in this city. Her death was due to a stroke of paralysis. Mrs. Ross, who was Miss Lizzie Tinsley, daughter of Dr. Tinsley, came to Texas from Georgia in 1854, removing soon to Waco. She was married to L. S. Ross in 1861. She has been a resident of Waco ever since. Mrs. Ross enjoyed a large circle of acquaintances, and during her four years stay at Austin, while her distinguished husband was the Lone Star's chief magistrate, was popular as mistress of the executive mansion. Following children survive: Mrs. H. H. Harrington of College Station, Mrs. Frank Clark of Bryan, Dr. Frank Ross of Houston and N. P. Ross of Waco.

SAW THE PRESIDENT.

French Ambassador Had a Conference at the White House.

Washington, June 8.—M. Jusserand, French ambassador, had a conference with the president after the latter's arrival at the executive offices Thursday. The ambassador was with the president for about half an hour. At the close of the interview Ambassador Jusserand said that he could not discuss the object of his call. Pressed for a statement as to whether peace negotiations were in progress, he replied he could say nothing. He had no news. He said if anything at all were to be made public it would have to come necessarily from President Roosevelt. So far as the conference with the president was concerned, he was not at liberty to say anything.

LOOMIS ALSO CALLED.

Thought to Have Presented Deciphered Message From Ambassador.

Washington, June 8.—Acting Secretary of State Loomis called on President Roosevelt immediately after the visit of Ambassador Jusserand. While he would admit nothing as to the nature of his visit, there is an excellent reason for the statement that he presented to the president deciphered cable dispatches from Ambassador Meyer at St. Petersburg and Ambassador Reid at London. A dispatch from Ambassador Meyer was received Wednesday night, but was not translated until Thursday. Mr. Loomis as he left the white house said he was not in a position to discuss the peace situation at all. He admitted the situation was a delicate one.

TERRIBLE DISASTER.

Three Explosions Sink a Submarine Boat and Her Crew Lost.

Plymouth, Eng., June 8.—Submarine boat A-8 has been lost with all hands aboard outside the breakwater. Three explosions are said to have occurred on the boat before she foundered. She had a crew of fourteen officers and men. The disaster occurred while the A-8 was proceeding to sea for practice accompanied by another submarine boat and torpedo boat. Three explosions were seen from the shore to occur on board the A-8, which suddenly disappeared. Tugs and divers immediately proceeded to the scene.

CAPTURED CIRCUS.

Collegians Fought With Tent Men and Police Disperse Them.

Chicago, June 8.—The stimulus of the purple costume worn by a woman bareback rider and on the supposition that it was worn in honor of the university colors, more than 150 Northwestern university students Wednesday night took possession of a circus at Evanston. After stopping the performance and giving a show of their own the collegians fought with the tent men and were dispersed by the policemen. Several persons were injured. No arrests were made.
